TAG & CAPTURE TIMES

All tagged fish and fish to be weighed **MUST** be called in to Game Base for a verified time to be allocated. This can only be done once the tag is inserted into the fish, or the fish is boated. On contact, Game Base will confirm the details of the tag/capture, and will allocate your time for tag/capture.

Only verified times will be accepted on daily activity sheets.

Times will be allocated when we hear from you. Therefore, if you cannot contact Game Base, you must relay through another boat or via mobile phone. Failure to provide skeds may result in nil points being awarded for the day. Tag and capture times must be accurately recorded on the daily activity sheets. Tag and capture time is the time provided by Game Base.

Please do not repeat tag and capture time information during skeds. Only hookup / strike / tag or captures. For example "1 – 1 – 1 as previously recorded". Radio silence is to be maintained five minutes prior to and during scheds. Game Base must be kept informed of the progress of all hook-ups that go into overtime, and must be immediately informed when the fish is tagged, boated or lost.

Each team must present their signed and completed activity sheets, tag cards and video evidence, in person to the weigh station before 6pm on day 2. Failure to do so may result in nil points being awarded for the day.

Tackle used in the capture or tagging of fish must also be presented to the Weigh Master for inspection at the NGFC's discretion. Failure to adhere to GFAA specifications will result in fish being disqualified and nil points will be awarded.

There is no mandatory requirement to return to port after cease fishing on Day 1. All tag cards must be handed to the Weigh Master by no later than 5pm on day 2. The committee reserves the right to only scrutinise winners and place getters' fishing equipment (due to time constraints).
